COMPANY PROFILE

WHO WE ARE

We're a leading supplier of Industrial grade Chemicals, Technical grade Chemicals and Equipment

Bird Nova Scientific (Pvt) Ltd was established in 2020 by a group of young science graduates with the goal delivering the best laboratory solutions and service for reliable results. Our brands stand for high quality, durability and remarkable performance. Bird Nova Scientific (Pvt) Ltd is your reliable laboratory companion and provides products that can be used in different kinds of laboratory environments.

Our organizational structure has always been focused on the genuine, advanced and cost effective solutions for educational, chemical, clinical, pharmaceutical and biotechnological laboratories. The company business strategy has focused on continuous updating of our website **www.birdnovascientifc.com** and the catalogue's edition coming up next, with numerous improvements and important updates in some of our products and also presenting totally innovative new products in science sector.

Our Vision

Enhancing the accessibility to Science & Technology;
Empowering Life

Our Mission

- Supply Genuine and Quality Product and Service
- Be the most technologically advanced facilitator in the Industry
- Build a sustainable future for all stakeholders
- Optimize the procedure to deliver the customer expectation promptly
- Empower the professionally qualified staff by honoring good judgment and independent decision making
- Expand branch network locally and internationally

BIRD NOVA SCIENTIFIC | ASSURING THE SUSTAINABLE QUALITY

LEADERSHIP SYNOPSIS

When I found the Bird Nova Scientific PVT LTD in 2020, I knew that the journey ahead would be challenging. Starting a new company in the midst of a global pandemic was not easy, but I was determined to run my vision into a reality.

In those early days, it was just a few of us working tirelessly to develop our first order. We faced countless obstacles, from securing funding to attracting customers. But we believed in what we were doing, and we knew that if could persevere, we could create something truly special.

Despite the challenges, we have come a long way in short amount of time. We now have a talented team who are passionate about creating business that change the lives. But we are not content to rest on our laurels. We know that there is still much work to be done. We are actively seeking partnerships and collaborations with customers and stakeholders who share our vision and want to help us make a real difference in people's lives.

At Bird Nova Scientific PVT LTD, we are more than a technology transferring company. We are a team of dedicated individuals who are committed to creating future for science and technology based standard living style. We believe in treating our employees and customers with respect and kindness, and we are passionate about fostering a supportive and collaborative work environment where everyone feels valued and empowered to contribute their best work.

As the Managing Director of the Bird Nova Scientific PVT LTD, I am proud of what we have accomplished so far, but I know that our journey is far from over. We are committed to continuing our mission of providing innovative solutions that make real difference in people's lives, and we are excited about what the future holds.

If you're interested in learning more about Bird Nova scientific PVT LTD and our innovative solutions, please visit our website or follow us on social media. We would be honored to have you join us on this journey.

WHY CHOOSE US

From raw materials to custom adsorbents, active compounds to purified proteins, we can deliver the exact chemical(s) you need at the scales and grades your project requires. With our extensive network of sourcing facilities that include licensed and compliant labs, you can save time looking for different vendors and bring all your project needs to us—we're the company other chemical vendors come to for hard-to-find compounds and fast turn-around times.

You Need a Supply Chain Partner

- Years of experience as a reliable provider
- On-time Delivery
- Superior Service & Flexibility
- Customization
- Global Quality Assurance

OUR CAPABILITIES

We supply over 4,000 chemical compounds including reagents and process aids, intermediates, APIs, and excipients that can all be purchased as standard products or customized for your specific needs.

Our products are backed by world-class quality, reliable delivery, and a strong regulatory record, which is another key component of the trusted partnerships we build with customers, supporting rapid commercialization and uninterrupted supply of finished products.

Through our global network of manufacturing facilities and professionals, we work with our clients to offer choice – in geography, quality systems, manufacturing vs. sourcing, and cost – that works for their applications.

Our capabilities encompass the entire product development and manufacturing spectrum, including technical sales support, services, manufacturing and production, quality, supply chain, global sourcing, and regulatory compliance.

With years of combined experience, our team brings in-depth knowledge to every segment. We provide customers with advanced development and contract manufacturing services globally, seamlessly engaging with them to ensure an intimate understanding of their individual needs and the delivery of the most efficient, innovative solutions.

SUPPLY CHAIN & REGULATORY

We manage countless international chemical shipments annually and boast a market-leading on-time, in-full delivery rate. Our expertise ensures the secure and compliant global movement of highly regulated goods.

Our regulatory team possesses extensive experience with deep expertise in global standards, including:

- FDA (Food and Drug Administration)
- EMA (European Medicines Agency)
- REACH (Registration, Evaluation, Authorization and Restriction of Chemicals)
- EPA/TSCA (Environmental Protection Agency / Toxic Substances Control Act)
- OSHA (Occupational Safety and Health Administration)

MARKETS SERVED

Our capabilities enable us to be a strategic partner for our customers in high-growth markets, including:

- Pharmaceuticals & Biopharmaceuticals
- Nutrition
- Cosmetics
- Specialty Chemicals
- AgriScience

Our global network and staff specialize in core competencies that provide agility and choice for our customers, accelerating the development and commercialization of their innovative products. These competencies include:

- Global Sourcing
- Quality Assurance
- Supply Chain Management
- Regulatory Compliance

Complete Solutions

SCIENCE & INDUSTRY

We are thrilled to introduce Bird Nova Scientific (Pvt) Ltd, your new one-stop shop for range of applications including,

Laboratory
Speciality Chemicals, Equipment, Consumables, Furniture, LIMS & Software.

Food and Beverage Manufacturing
Natural and N.I. Flavors, Taste Masking Agents, Food colors, Enzymes, Yeasts for brewery industries, Food additives, Plant base meat flavors and many more food grade chemicals.

Cosmetics and Personal care Industry
Natural and N.I. fragrance, Butters, Essential oils, Career Oils, Thickeners and many more cosmetics grade chemicals.

Rubber, Paint, Polymer & Plastic Industry
Fragrance, Additives, Thickeners, Catalysts and many more technical grade chemicals.

Pharma and Veterinary Industry
APIS, Excipient, Flavors, Fragrance, Additives, Injectable grade chemicals and many more pharma grade chemicals.

Agriculture and Live Stock Industry
Agriculture Chemicals, Animal Feeds, Agricultural Testing Equipment

Key Themes of
THE BLUEPRINT

Provide Trusted and Superior Products and Services

Holistic Thinking

Decisions are made with a 360° perspective, considering every aspect of the business from operations and finance to marketing, customer experience, and employee well-being. By connecting all departments and functions under one vision, the company ensures consistency, efficiency, and alignment with long-term goals.

Pragmatism

The strategy emphasizes practical actions over abstract theories. Success is measured by tangible outcomes such as customer satisfaction, market growth, and operational efficiency. Pragmatism drives the company to adopt realistic solutions that work in real-world scenarios while staying adaptable to change.

Visionary Perspective

Beyond immediate objectives, The Blueprint encourages leaders to anticipate future trends, technologies, and market shifts. This forward-looking approach fosters innovation, enabling the company to stay competitive, explore new opportunities, and redefine industry standards rather than simply follow them.

Proactive Approach

Instead of reacting to circumstances, the company actively prepares for them. Risks are identified early, and opportunities are seized before competitors act. This proactive mindset ensures resilience, growth, and the ability to turn challenges into stepping-stones for success.

Supplying Chemicals Across Wide

INDUSTRIES

We cater to a wide spectrum of industries, including food, agriculture, mining, chemicals, metal production, and textiles. Our customers also represent the plastics and rubber sectors, construction, environmental technology, coatings, cosmetics, and hygiene.

Our portfolio features an extensive range of chemical products designed for industrial production processes. We continuously enhance both our product range and service network to meet evolving market demands.

We specialize in manufacturing high-quality fine chemicals for industries, research organizations, and institutions. All our products are developed using premium-grade raw materials and components, in strict compliance with international quality standards. Our laboratory chemicals are known for their reliability, consistency, and cost-effectiveness.

Explore Our Product

CATEGORIES

We deliver the highest quality Chemical products, with flexibility from µg to metric tonnes.

As a Technology transferring company, we are proud to offer a wide range of high-quality products from world renowned brands at competitive prices.

In addition, our laboratory product portfolio is specifically designed to meet the diverse needs of our customers, from research and development to clinical and diagnostic applications. Our production range products, on the other hand, are ideal for manufacturing and industrial applications.

We take pride in our commitment to customer satisfaction and quality assurance. Our team of experts is always updated for the latest innovations and technologies to ensure that customers receive the best products available. We are committed to providing exceptional customer service and timely delivery to our customers.

General Laboratory

CHEMICALS & REAGENTS

Our comprehensive portfolio includes high-quality chemicals & reagents for diverse applications:

Acids & Bases:
Precision-grade acids and bases for analytical and industrial use.

Buffers:
Reliable pH stabilization solutions.

Dyes, Stains & Indicators:
Tools for microscopy and diagnostics.

Salts & Specialty Chemicals:
Ultra-pure salts and niche compounds.

Available Grades:
AR/ACS, Extra Pure, Electronic, For Synthesis, Technical/GPR, For Microscopy, LAL Reagents, Gradient/HPLC, GC, GC-HS, High Purity Acids, Spectroscopy Grade, Karl Fischer Reagents, HPLC Buffers, LC-MS Grade, ICP/ICP-MS Grade.

Special Bio

REAGENTS & CHEMICALS

We offer a comprehensive range of high-quality products for research, diagnostics, and industrial applications:

Cell/Tissue Culture:
Media, Supplements, Sera & Plasma
Certificates available on demand

Biochemicals:
Amino Acids, Proteins & Enzymes, Enzyme Substrates
Carbohydrates & Derivatives

Specialty Reagents:
Buffers, Inorganic Reagents, Dyes/Stains/Indicators
Plant Growth Regulators, Tissue Culture Media

Essential Additives:
Antibiotics, Vitamins, Gelling Agents (Agar)

Key Features:
Cell/Tissue Culture Tested
Custom formulations available
High-purity grades

Microbiology and Molecular
BIOLOGY REAGENTS

We supply high-quality reagents and kits for the entire life science workflow, specializing in two core disciplines:

Microbiology

Culture Media:
Dehydrated bases, ready-to-use media, and specialized supplements.

Testing & Analysis:
Dedicated test kits for various microbiological applications.

Specialty Chemicals:
High-purity chemicals for demanding microbiological processes.

Molecular Biology

Genomics:
Solutions for nucleic acid isolation, purification, PCR, reverse transcription, and electrophoresis (including buffers and DNA ladders).

Proteomics:
Complete workflows for protein extraction, purification, electrophoresis (buffers, chemicals, protein ladders), and Western Blotting (reagents & membranes).

Immunoassays:
Essential reagents and consumables for ELISA.

General Laboratory
CONSUMABLES

We provide a comprehensive range of high-quality consumables to support every facet of laboratory operations.

Chromatography & Filtration:

Columns:
HPLC, GC, Flash, Gravity, and SPE Cartridges.

Filtration:
Membrane Filters, Syringe Filters, and Vacuum Filtration systems.

Sample Prep:
QuEchers kits and Extraction Thimbles.

Labware & Liquid Handling:

Glassware & Plastic-ware:
Manufactured to international standards (ISO, DIN, ASTM, USP, BS, IP).

Liquid Handling:
Pipettes, pipette tips, serological pipettes, and bottle-top dispensers.

Containers:
Sample vials, centrifuge tubes, and bottles.

Specialized Applications:

Cell Culture:
Flasks, dishes, and related Plastic-ware.

Molecular Biology:
PCR plates and tubes.

Micro plates:
Deep well plates for high-throughput screening.

Analysis:
Test strips, Colorimetric consumables, and lab filter papers.

Safety: A selection of essential laboratory safety products.

Laboratory Equipment

HIGH TECH / GENERAL

We supply a comprehensive portfolio of reliable laboratory equipment for research, quality control, and industrial applications.

Sample Preparation & Processing:

- Homogenization: Blenders, Homogenizers, Mills (Cutting, Ball, Jar)
- Mixing & Stirring: Magnetic Stirrers, Hotplate Stirrers, Rollers, Rotators, Powder Mixers
- Digestion & Extraction: Digestion Systems, Soxhlet Extractors, Kjeldahl Distillation
- Evaporation & Concentration: Rotary Evaporators, Concentrators

Temperature Control & Incubation:

- Heating/Cooling: Bath Circulators (Heating/Cooling), Water Baths, Chillers, Hotplates, Heating Mantles, Dry Block Heaters
- Incubation: CO2 Incubators, Incubator Shakers, General Incubators
- Sterilization: Autoclaves
- Ovens & Furnaces: Drying Ovens (up to 750°C), Muffle Furnaces (up to 3000°C), Tube & Vacuum Furnaces

Controlled Environment & Safety:

- Containment: Biological Safety Cabinets, Laminar Flow Cabinets, Fume Hoods, Anaerobic Chambers, Glove Boxes
- Environmental Chambers: Humidity & Environmental Test Chambers
- Storage: Laboratory Refrigerators, Freezers, Ultra-Low Freezers, Liquid Nitrogen Generators

Separation & Analysis:

- Centrifugation: Laboratory Centrifuges, Microcentrifuges
- Chromatography: Fraction Collectors
- Molecular Biology: Electrophoresis Systems, Nucleic Acid Purification Systems
- General Analysis: Colorimeters, Flame Photometers, Particle Analyzers, Milk/ Food / Fuel Analyzers

Support & Specialized Equipment:

- Liquid Handling: Peristaltic Pumps, Dispensers
- Purification: Water Distillation, Air Purifiers, Ice Makers
- Specialized: Colony Counters, Melting Point Apparatus, Histology Equipment

Empowering Industries with Quality

SOLUTIONS

Food and Beverage Solutions

We supply high-quality ingredients and additives that enhance taste, texture, shelf life, and overall product performance for food and beverage manufacturing.

Cosmetics and Personal Care Solutions

We offer premium cosmetic ingredients and raw materials used in skincare, haircare, and personal care formulations, ensuring safety, consistency, and superior end-product results.

Pharmaceutical APIs & Excipients Solutions

We provide pharmaceutical-grade APIs and excipients that meet global quality and regulatory standards, ensuring safe, efficient, and reliable formulation development.

Rubber and Plastic Raw Materials Solutions

We deliver polymers, additives, and speciality raw materials that improve durability, flexibility, and performance in rubber and plastic manufacturing applications.

Agriculture and Industrial Solutions

We supply chemicals and material solutions that support agricultural growth and industrial productivity, driving efficiency, sustainability, and long-term value.

APPLICATION GUIDELINES

To thoroughly evaluate our flavors, we highly recommend incorporating the flavor into your product and tasting it to experience its complete profile.
It is important to note that the aroma of a finished flavor may not directly correlate with its taste. Relying solely on the smell to evaluate our flavors does not provide an accurate representation of the complete aromatic profile. In many cases, only the top notes (the most volatile components) can be detected.
